

Target Audience

Pediatricians, Neonatologists, Family Practice Physicians, Nurses, Audiologists, Speech Therapists, Otolaryngologists, Students, and Hospital Administration Staff.

Objectives

At the conclusion of this educational activity the participants should be able to:

1. Describe the early language outcomes of children with hearing impairment, with and without Early Intervention enrollment.
2. Describe the hearing and neuro-developmental outcomes of children with congenital cytomegalovirus infection.
3. Describe the historical and contemporary culture of the deaf community.
4. Provide updates on new and existing state regulations regarding hearing screening and management.

Accreditation Statements

MANIMS (MidAtlantic Newborn and Infant Medical Services), in conjunction with Overlook Hospital, has applied to the Continuing Education Board of the American Speech Language Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology.

This program has been approved for 0.4 CEUs (intermediate level; professional area). ASHA CE Provider approval does not imply endorsement of course content, specific products, or clinical procedures.

This course has been approved for 0.4 CEUs from IIHIS (International Institute for Hearing Instrument Studies).

MANIMS has been approved by the American Academy of Audiology to offer Academy CEUs for this activity. The program is worth a maximum of 0.4 CEUs. Academy approval of this continuing education activity does not imply endorsement of course content, specific products or clinical procedures.

This activity has been approved for AMA PRA Category 1 Credit™

Location

**Morristown Memorial Hospital
Malcolm Forbes Auditorium
Level B**

Registration: 7:30 a.m.

Program

CURRENT TOPICS IN CONGENITAL HEARING IMPAIRMENT

This conference will address contemporary topics of key importance in the diagnosis and management of congenital hearing impairment, including the impact of congenital cytomegalovirus infection on hearing and neurodevelopmental outcomes; early language outcomes for hearing impaired infants with and without aggressive Early Intervention; the historical and contemporary culture of the deaf community in the US; and updates on state regulations for hearing screening and management. These discussions and lectures will be led by nationally renowned experts in congenital audiology and neonatology.

AGENDA

- 7:30-8:00 **Breakfast**, Registration
- 8:00-8:30 **Laura Crawford, AuD, CCC-A, FAAA**
MANIMS Research Data Presentation
- 8:30-9:00 **Nancy Schneider, MA, CCC-A, FAAA**
What's New with New Jersey EHDI?"
- 9:00-10:00 **Betty Vohr, MD - Grand Rounds**
Congenital Hearing Loss in 2009: Diagnosis, Interventions, and Language Outcomes
- 10:00-10:15 Break
